Zad. 5

5.1 (chłopak)

I tried to log in to my music account yesterday, but it was blocked. I don't know why this happened, and I feel really frustrated.

5.2 (dziewczyna)

Someone used my account to send messages to my friends without my permission. I was so embarrassed when they told me about it.

5.3 (chłopak)

My social media account was temporarily blocked after a login attempt from another country. Luckily, I contacted support and recovered it quickly.

5.4 (chłopak)

I received an email asking me to reset my password, but it looked suspicious. I didn't know if I should click the link or not.
